Capital Campaign**

Supplies, Equipment & Furnishings

We are rapidly approaching the opening of our new building, which means there are several essential items that need to be purchased. While we welcome all kinds of pledges and gifts, we understand that some in our community would like to know precisely how their contribution will make an impact. It's important to note that your gift won't purchase a specific item, but rather the funds raised will go towards buying the most critical items first. With your help, we aim to reach our fundraising goal and procure everything on the list!

Soaps By Survivors
